2024 ART ZINE LEVEL UP PROGRAM

LEVEL UP

LEVEL UP is the Bucyrus Public Library's career-readiness program, which aims to encourage young adults in grades 6-12 to explore and prepare for future careers, their entry into the workforce, and/or college.

By participating in activities and using equipment and technology used by professionals in STEAM (Science, Technology, Engineering, Arts, and Mathematics) careers, participants build the relevant skills, experience, and expertise needed to help prepare them for the future careers of their choice.

The program was developed in collaboration between the Bucyrus Public Library and Mid-Ohio Educational Service Center and was expanded through the generous support of the Ohio Afterschool Network's Moonshot Ohio program and the Friends of Bucyrus Public Library.

LEVEL UP takes place at the Bucyrus Public Library Monday-Friday, 3:30-6. Young adults in grades 6-12 are welcome and encouraged to join!

The works included in this book represent only a small fraction of the amazing pieces of art and projects completed by participants during this school year. Clearly, Crawford County has a lot of talented young adults!
